

Dear

Thank you for signing up to receive our Remembrance Sunday resources. We are truly grateful to our lovely volunteers who have given of their time to be recorded or who have helped with the Remembrance themed recordings.

We have prepared a few resources that we hope will help you with your Remembrance service, and to give an opportunity to represent those who are Christians currently serving in the defence community.

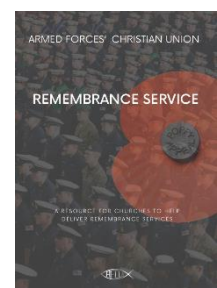

Remembrance themed videos.

We have interviewed 6 of our members who live or work in the defence community on 6 different themes. These videos could be used within the format of a service, or as discussion points with a smaller group.

- [Other resources: \(in a Dropbox link\)](#)
 - A Remembrance Sunday service booklet - a service plan, and extra resources (poems and reading, activities for children and so on). This has an order of service too.
 - A ppt slide set of the Armed Forces' Christian Union, and how to support us through prayer and giving and details of our website.

We sincerely hope that you find these resources useful. Should anyone like to get involved with our work, whether as a serving member, to pray for us, to give financially or to get involved in some other way, our website has all the details (and the links are on the slides above too).

Prayer Support Teams: we have over 250 people who meet in groups and pray for individual serving members, on a daily basis personally and in monthly prayer meeting with others. We have many testimonies of answered prayer. Prayer is a core activity for our Union.

Giving: we don't charge a subscription and rely instead on the generosity of our supporters to fund our work, should you or your organisation want to make a donation, please use the QR code link, or make a BACS donation to Armed Forces' Christian Union: Sort code 40-52-40, account number: 00015977

Teaching and discipleship: we hold regular teaching weekends and are about to start a leadership programme: Issachar. We encourage our members to find fellowship wherever they are posted. Please keep an eye open for military families, and be aware of the burden on separation when the serving member is deployed.
